Make sure your firewall is not blocking the "TerrariaServer.exe" or the server's port (7777) Tj T* BT

using a router you have to make sure it opens the server's port for you. Guide: Setting up a Terraria server

terraria.fandom : wiki : Guide:Setting_up_a_Terraria_server

If you want to play Terraria online with other users, you have two options. You can use the Host & Play feature in the Terraria client to host your own online game on your device. Other players can then join the world either with or without a password.
