<p></p><p>During the podcast, Spencer was questioned about the
recent news that we wouldn't see a massive drop of Activision-Blizzard game
s on Game Pass immediately after the deal finalized, as many had expected. As it
was pointed out, a major flood of Game Pass newcomers happened when Xbox acquir
ed Zenimax. Twenty Bethesda games dropped onto the service just days after, incl
uding some of the company's biggest franchises.</p>

<p>Where, then, are all the Activision Blizzard games? Why is this differe
nt?</p>
<p>Per Spencer: they're coming. Eventually. But the regulatory challen
ges surrounding this acquisition made it a bit trickier to navigate than the Zen
imax deal, and adding games to Game Pass isn't as simple as flipping a switc
h to put them on there.</p>
<p>"The truth of the matter is with Activision/Blizzard/King that the
regulatory process took so long, and frankly there was a lot of uncertainty in
that process up until really a week before we closed, or the week of, when the C
MA finally came down to their decision, that we weren't able to get in and w
ork with mostly Activision-Blizzard in this case, on that back catalog work,&quo
t; Spencer says.</p>
