<p></p><p></p><p>The year 2027 brought hope to a world on the brink o  
f environmental and political collapse. On the last leg of its funding, NATO&#39  
's United Space Mission (USM) made a discovery on the moon that changed the cour  
se of human history. A large alloyed sphere, found nestled in a crater under the  
lunar dawn, is revealed to be an alien artifact containing a message for mankin  
d. As an international team slowly deciphered the artifact, the content of this  
message began catalyzing a huge leap forward in our sciences. Humanity was abrup  
tly catapulted into a new interstellar age. There are those who now believe we w  
ere not ready. Intense, fast-paced, team combat. Animation and camera control th  
at make you feel like a space marine...super human. Have it all: jetpacks, armor  
, hammers, swords, guns, bombs, in melee, ranged, and aerial combat. Tanks smash  
ing with hammers, deadly Scouts slashing their enemies down the middle with thei  
r katana, different jetpacks for every class create dynamic aerial combat, Gunne  
rs sniping from across the map, and Tech healing and dueling while laying down t  
urrets. Even throw f-bombs! All class specific jetpacks allow you to hop and bou  
nd across the map gaining momentum and speed. Your team&#39;s combined skill and  
coordination determine the winner of this tournament. Choose to fight as one of  
a growing cast of classes battling in 10-20 minute matches. Please try it out,  
it is not like other shooters.</p>
