A turnkey project is one which is desig

ned, developed and equipped with all facilities by a company under a contract

;. It is handed over to a buyer when it becomes ready to operate busine

ss. Obviously, the company responsible for building a turnkey project does it fo

r the cost as agreed in the contract.

;

The term turnkey is also often used in the technology industry, m

ost commonly to describe pre-built computer packages in

which everything needed to perform a certain type of task (e.g. audio editing) i

s put together by the supplier and sold as a bundle.
