<p></p><p>This is your average CoD and your average trash matc hmaking. Despite this, I had moments of fun with the game but a significant port ion of it was either annoyance or frustration, i.e. your average CoD experience (in general and in retrospection, not worth it). Also, you'll get your avera ge "l regret not quitting sooner" CoD/average game syndrome as well. H ave you tracked how many times you've read average? On top of that, you get your average zombie mode and average battle royale (because it's fashionable) Tj T* BT

case study as l've never played such an average game before. The only thing that is not average is the option to keep "strong content" enabled or to disable it. I respect the devs for mature attitude towards their playerbase in this aspect, so mature adults don't have to suffer from (in this case, op) Tj T* BT /F

ore gameplay is decent enough, it's CoD after all, even if it is its below-a verage iteration in general, and (if you have them) you can always play with fri ends or in closed sessions, so matchmaking horrors wouldn't get you there.</p>
