the #128077; franchise, it benefits

To fully exploit the constrained width, avoid loadin g the neighbouring structures and straddle shared utilities running under the site, the 5 , £ house was constructed using a lightweight steel frame on a piled slab. The steelwork was prefabricated as a series of 5 , £ portal frames that were craned down the alley and site-welded together. Given that every inch in such a narrow space 5 , £ was valuable we chose to fully weld the connections and expres s the frame internally, even utilising the depth of the 5 , £ steels to maximise the space.

Alongside the painted steel a simple palette of spruce plywood, douglas fir joists, terrazzo and cork 5 , £ flooring enriches the interior. Externally the timber framed walls are clad in handmade pewter glazed brick slips with a pat ina 5 , £ that reflects the changing light of the sky. Both the simply landscaped and planted rear courtyard and the garden in 5 , £ front of the house enhance the feeling of space in this small dwelling.

This self-build project had a long gestation, fitted 5 , £ in around professional and family life. The design and construction were developed as time and money allowed so whilst planning 5 , £ consent was given in January 2014 and the ground works commenced in the spring of 2024, the building was not 5 , £ completed until August 2024. We worked closely with friend and joiner Michael Tye to lead a small team of local 5 , £ subcontractors and employed specialist fabricator s for certain key packages as well as undertaking a fair amount of the work ourselves.

The 5 , £ result is a unique and highly crafted home that is a testament to the commitment, effort and support of many 5 , £ people. By replacing a narrow disused alley with this comfortable small home we hope to have enhanced the streetscape we 5 , £ inhabit. As the building completes the terrace, so does the front garden - with the simple bin store, planting, level 5 , £ access and bike parking we aimed to keep it open and reinforce the pavement line without making a hard boundary. 5 , £ The development highlights the viability, both economically and spatially of small brownfield sites to provide high quality sustainable devel
