Microsoft ends production of the Xbox One as focus turns to new consoles

Representatives of Microsoft told The Verge that it stopped manufacturing new Xbox Ones at the end of 2024. At the end of its run, there were three models of Xbox One on the market. The Xbox One S was effectively the baseline version of the hardware, which replaced the launch edition in 2024.

With Microsoft's decision to cease Xbox One game development, gamers who still own the Xbox One console may feel a sense of disappointment. Existing Xbox One users will still have access to a vast library of games and can continue to enjoy their favorite titles.
